Leading In The Wilderness

Exodus 14:3 For Pharaoh will say of the children of Israel, They are entangled in the land, the wilderness hath shut them in.

Leading in the wildnerness has its challenges and may even appear to be a place of entanglement or entrapment. We must remember that we have great minds and some capable leaders in our country, but we must remember the Lord leading us through this uncharted territory. When the Lord leads the way, the wilderness becomes an event instead of an entanglement. When the Lord leads the way, the wilderness becomes a place of miracles instead of misery. When the Lord leads through the wilderness, the wilderness becomes a place of provision instead of poverty.

We all can agree that we have never experienced anything like what we are experiecing with the outbreak of COVID-19. We see fear, we see people who don't have answers, and we see people dying, but we must feed our faith and not our fear while walking through this wilderness. Remember the Lord is still leading the way! Remember the Lord is still on the throne!

What a great opportunity we have during all of the challenges that is facing us, our neighbors, and our country—the opportunity to see the Lord make this entanglement become an event that gives Him glory! What an opportunity has come our way to let this misery become a miracle. And what an place in history we have been allowed to journey to and through that can be the stage for miracles, sign, and wonders, seeing the power of God work, protect, and provide for our every need.

Egypt wasn't the reciepients of the miraculous, they only saw it. I would like to think that today, God's people are about to see and experience the miraculous! The world may just sit on the sideline and watch, but I believe the Lord can show us His power in the time of our weaknesses.

Keep the faith and stay strong in the Lord!
