WHEN YOU FEEL LIKE YOU'RE STANDING WITHOUT

Psalms 102:7 I watch, and am as a sparrow alone upon the house top.

Have you ever felt like you were standing in the middle of nothing? Have you ever felt like you were on the outside of a fence looking on as others enjoyed life? Well, sometimes we find ourselves separated from life and felling just that way.

One of the most problematic sicknesses of our day is that of depression. Depression is something that will make you feel like you

don't belong. Depression is something that will make you feel like you are on the outside looking in. Depression makes you feel separated from family and friends. And while depression is very real and devastating it doesn't have to destroy you! There is hope and there is help in Jesus! Jesus can heal depression! The Lord has also given knowledge to researchers and doctors and now many medicines are available to help treat (not cure, that only comes from the Lord) depression.

One thing that I have noticed in our world today is not just a physical depression, but it seems as if folks are getting *spiritually* depressed. You might be saying, "How can someone become spiritually depressed when the Holy Ghost is so exciting and the Word is so powerful?" Well, the fact is, spiritual depression is running rampant in churches all over this nation. Folks have lost their joy, their desire, and their happiness to be in church. They go from participating to spectating. They go from involvement to withdrawal. They go from contentment to discontentment. They go from dedication to despair. And they find themselves devastated and confused as they struggle through daily life. It seems as if they have lost hope in the Gospel! Lost confidence in ministry! And lost faith in the Lord! To some, church is viewed as nothing more than

a place to visit rather than the powerful place of deliverance, healing, and reconciliation!

One of the things I have noticed concerning folks who become spiritually depressed is that they start missing church. Faithfulness dwindles and becomes less important. Sometimes they will start coming in late to service, not just every now and then, but consistently. And soon they backslide and quit serving the Lord altogether.

So how does a person get out of spiritual depression? You need to get involved in the service! Involvement and inclusion will rejuvenate desire to be in the House of the Lord. You can get back what the devil has stolen from you! Don't sit as a spectator in Church, get involved in the praise and worship part of the service. Don't let your joy fade and thus become weak, the joy of the Lord is your strength! The most exciting thing you will ever experience is to go to Church and worship the Lord in Spirit and in Truth! Let Jesus lift you out of spiritual depression. Let Him be the balm that cures your spiritual depression. Think upon the good things of the Lord and let Him touch your mind and emotions. There is help when you feel like you are standing without—and that help comes from the Lord.
