**WELCOME
TO
PAC**

Pastor and Sis. McKinney, along with the Pikeville Apostolic Church Family, would like to thank you for choosing to worship the Lord with us today.

We hope you your family have found a home with PAC. We look forward to seeing you again in future services.

Have a blessed day!

Ancient Landmarks

Proverbs 22:28 “Remove not the ancient landmark, which thy fathers have set.”

Landmarks are usually viewed in the historical

PIKEVILLE APOSTOLIC CHURCH

sense, such as, buildings or places that have some special significance in the establishment of this country. We esteem the landmarks of our country so much that we pass laws that protect those landmarks from being destroyed so generation after generation can come to know our precious heritage.

Landmarks in Biblical times were used to mark the boundaries of land. These boundaries were not to be moved or removed. These landmarks were there so generation after generation would know what land they possessed. These landmarks would be a reminder of their inheritance.

There are many *landmarks* in the Word of the Lord. Landmarks that deal with lives instead of land. Landmarks that mark boundaries of life instead of boundaries of localities. Landmarks that we must not move or remove. Our generation is depending upon the Church to keep the *ancient landmarks*! *Ancient landmarks* that separate us from worldliness. *Ancient landmarks* that keep us in the *boundaries* of holiness.

Many today are *removing* the *ancient landmarks* and telling folks that it's alright to wander outside of the *boundaries* of God's Word. They have let down on standards. They have let down on morality. They have tried to *broaden* the *strait and narrow*! And while they

think they are doing the people a *favor*, or being *good* to the people when in reality they are destroying their lives and directing them toward the flame of eternal damnation!

What do folks think to accomplish by removing the *ancient landmarks*? Fame? Fortune? Popularity? Numbers? Perhaps we had better get the *map* back out see where the *ancient landmarks* are set.

Notes:
